

New Ralco Employee

Ralco Nutrition Welcomes Leah Brix

Leah Brix — Ralco Nutrition Sales Staff

It is with great pleasure and excitement that Ralco Nutrition welcomes Leah Brix to its sales staff. Brix will promote and sell the Green Label line of products in the central Minnesota dairy corridor.

To say that Brix has been busy is an understatement. Within the past few weeks she has graduated from Ridgewater College in Willmar, Minn. with a two-year technical degree in Ag Business with a dairy emphasis, landed her first job out of school and married a farmer. The couple lives in Albany, Minn.

Staying busy is a way of life for Brix. She grew up on a third-generation 300-head dairy near Rockville, Minn., which placed her in the heart of Minnesota dairy country — Stearns County. The county still boasts 900 dairies. Brix is AI certified, was Stearns County dairy princess and an avid member of 4-H and FFA among other organizations.

“I was mainly involved in the leadership type positions of those organizations,” Brix said.

In 2006, the family dairy where Brix grew up was certified organic. While she said Green Label products are important for all dairies, Brix is excited to see scientifically based products for organic dairies as well.

“It’s really nice to see products that really work for those dairies,” she said.

Congratulations, Leah. Ralco Nutrition is excited to have you on board.
